

ROLE OF SCHOOL FOUNDATIONS

Many school districts across the nation and our state are turning to non-profit school foundations to close funding gaps and to be a source of reliable, flexible funds.

ROLE OF SCHOOL FOUNDATIONS

- Foundations support district-wide needs, differing from parent groups that often support a single school or program.

ROLE OF SCHOOL FOUNDATIONS

- Develop endowments to provide sustainable program funding for the future.

IN CONCERT WITH BPS WE:

- Support the community's interest and investment in public schools by articulating giving opportunities that align with district priorities, and cultivating support for new and/or unmet needs.

IN CONCERT WITH BPS WE:

- Act as an agent for reducing the achievement gap by recognizing and addressing disparities between district schools and aligning funding with need.

IN CONCERT WITH BPS WE:

- Serve as the umbrella organization to create functional partnerships with other community organizations with similar interests to increase cooperation and support; reducing redundancy and confusion.

WHERE DO WE GO FROM HERE?

- How do we advance and grow our annual giving revenues?
- What will it take to establish a multi-million dollar endowment?
- How can we work together to collectively realize these goals?
