

## ***Elementary Partners in Funding Meeting Sept. 10, 2019***

Silver Beach Elementary School

### **Introductions**

Everyone introduced themselves and shared their connections with our elementary schools.

Elizabeth Boyle, development director with the Bellingham Public Schools Foundation, shared history and inspiration for the equity pilot project.

12 of our elementary schools are interested in being involved in this pilot project. We are here tonight to discuss details and get feedback on the aspects of the toolkit. How can the Foundation and district help you?
