Ms. Mason made a **motion**, seconded by Ms. Rose, to approve the following consent agenda item:

lost and found. She loved having the opportunity to see a transitional kindergarten space. At the Teacher Academy student roundtable, the high school students talked about apathy during and following the COVID-19 pandemic, and it highlighted the importance of mental health support. In her work with the Opportunity Council, she has learned how difficult it can be for an adult to obtain government-issued identification. Students being able to obtain a driving permit and license while in the Traffic Safety program is immensely valuable.

Ms. Bashaw thought the visit to the early learning classroom at Geneva was very special, and she saw the care that goes into helping the students feel comfortable and welcome. While she will miss those moments of serving on the school board, she feels good knowing that Scott Ritchey will do a great job as a director. Serving on the board has been a great experience for her. The district is in great hands, and she has appreciated everyone who works so hard to make the board look good. Keeping kids and families front and center of what we do is what makes this a great district. She thanked everyone.

Ms. Diaz Hackler

great that a student can experience what it would be like to be a teacher, without paying college tuition for that experience. Upcoming events for the board include the annual WSSDA conference Nov. 16-18 in Bellevue and a board visit at Bellingham High School on Nov. 28.
